

# Sparkling Honey Lime Mocktail

## INGREDIENTS

### Servings: 1

1/2 cup coconut water

3 T lime juice

8 mint leaves

3/4 oz of honey

1 dropper of

[Philosophie Sunshine Drops](#)

1 small piece of ginger, peeled

1/8 t chlorella

top with sparkling water

This is my go to mocktail when I am hosting a party. I haven't been drinking this year and am always looking to spice up my drink at a party. It makes me feel more festive and looks like a mojito! Plus its a great way to get in my chlorophyll. If you'd like to imbibe- this is a great base to add tequila!

## Instructions

Smash the ginger, lime juice, mint leaves and honey in a glass cup or shaker. Add the rest of the ingredients except the sparkling water. Shake with ice. Strain. Add more ice into the cup and top with sparkling water. Enjoy!
